Is there additional information or feedback that you would like to share with instructor Antonio Maria Cleani ?

Students
This course as you designed it is way too difficult for an introductory 100 level logic course. You do a great job of being accessible and kind, but understanding fully some of the topics covered in this class would require a math pre-requisite, which none of us have. By far the hardest class I have ever taken.
Antonio did a great job in teaching this class!
